Three panel discussions, moderated by Dick Mayer:

**100%**

**What does the State requirement of 100% renewable energy by 2045 mean? Electricity only? Or also transportation? What is the pathway for Maui County to achieve 100% renewable energy?**

**Panelists**

**Frederick Redell**, County of Maui,  
Energy Commissioner

**Sharon Suzuki**, Maui Electric, President

**Mat McNeff**, Maui Electric,  
Manager of Power Supply

**Doug McLeod**, Maui Tomorrow  
Foundation, Vice President

---

**What is the status of Solar (rooftop PV) on Maui? Can I still get PV?**

**Panelists**

**Brad Albert**, Rising Sun Solar, Co-Owner

**Emily Erickson**, Maui Solar Project,  
Vice President of Operations

**Jamie Cook**, Maui Electric,  
Director of Renewable Energy Projects

---

**What and where is the community's voice in Maui's Energy Future?**

**Panelists**

**Leslie Wilkins**, Maui Economic  
Development Board, Vice President

**Mahina Martin**, Maui Electric, Director,  
Government & Community Relations

**Tiare Lawrence**, Community Leader
